Afterschool Alliance
AFTERSCHOOL FOR ALL

Get connected!

Educator innovators across diverse learning institutions, both in and out of school, are leaders in the movement to re-imagine learning. They are creating new learning opportunities, sharing curriculum, and investing in the talents and capacities of youth.

Let's build the future together.

connected learning

http://connectedlearning.tv
Connected Learning is an educational approach designed for our ever-changing world. It makes learning relevant to all populations, to real life and real work, and to the realities of the digital age, where the demand for learning never stops.

EDUCATOR innovator

http://blog.nwp.org/educatorinnovator/about/
Provides an online "meet up" for educators who are re-imagining learning. Educator Innovator and its partners support learning opportunities for teachers, youth workers, mentors, librarians, and museum educators that are open, re-mixable, and typically free or low-cost — and that share the goal of more powerful and connected learning for youth.

makinglearningconnected

http://blog.nwp.org/clmooc/about/
Making Learning Connected (#clmooc) is a collaborative, knowledge-building and sharing experience open to anyone who's interested in making, creativity and learning. Over six weeks, participants will play with new tools and processes for making projects, share results and learning, and explore the educational model known as Connected Learning.

LIGHTS ON AFTERSCHOOL
A project of the Afterschool Alliance

http://www.afterschoolalliance.org/loa.cfm
Schools can't do it alone. Meaningful, active collaboration with afterschool programs—including community organizations, public libraries and museums—maximizes the use of shared resources and fosters creative solutions to community needs. This October, join 1 million Americans and thousands of communities nationwide in celebrating *Lights On Afterschool.*

http://www.makesummer.org/
The Summer of Making and Connecting organizes hundreds of events, projects and programs in communities across the nation, around the world, and online to help youth connect learning to their interests and to enable teachers to learn from and network with their innovative peers.

https://webmaker.org/party
The worldwide Maker Party will bring people together at hundreds of events over three months, from workshops, design sprints and code-a-thons to teen tech bashes and father-daughter hack jams. Find a party near you or use the handy event guides to host your own.

MAKER PARTY
