

DIGITAL ACTION TOOLKIT

INTRODUCTION

On Feb. 12, President Trump unveiled his 2019 full budget proposal. Among his priorities? Singling out 21st Century Community Learning Centers—the only dedicated source of federal funding for afterschool and summer learning programs—for elimination.

Nearly two million children and families are at risk of losing the programs they rely on. Congress will decide what happens next—and it's more important than ever before for afterschool supporters like you to speak out and share why afterschool matters to you, your family, and your community.

FIRST AND FOREMOST...

- Be sure to use the hashtag **#AfterschoolWorks** in your tweets and Instagram posts.
- Add a **profile picture frame** on Facebook — show your support for afterschool while keeping your favorite profile pic! Go to this link and search for “afterschool:” <https://www.facebook.com/profilepicframes>
- Follow us on Twitter, Instagram, and Pinterest **@afterschool4all** and on Facebook **@afterschoolalliancedc** to keep up with the latest news on the battle to save afterschool.

TELL YOUR AFTERSCHOOL STORY

Later in this toolkit, you'll find sample social media posts that you can easily copy and paste to show your support for afterschool. But telling your personal story about the impact an afterschool program has made on your life is by far the most effective way to capture people's attention and convince them that #AfterschoolWorks.

Not sure where to start? We've put together some prompts to help you think about how afterschool has made a difference in your life.

There are plenty of ways to tell your story. Here are a few ideas.

- **Tweet** your written story using the hashtag #AfterschoolWorks. Can't fit it all into 280 characters? Turn it into a thread by replying to your own tweets (you can remove your handle from the beginning and they'll still be threaded together!).
- **Post on Facebook.** Create a status with your written story
- **Create a video.** You don't need fancy equipment to create awesome video content. Just grab your smartphone and speak from the heart straight into the camera. Keep it under 60 seconds (the shorter the better) and post it to Facebook, Twitter, or Instagram.
 - **Edit short clips together** if you can and create a compilation of stories to upload to YouTube.
- **Write a blog post** if you've got a lot to share. No blog? No problem. It's easy to publish a post on Medium.com, or email info@afterschoolalliance.org to submit your narrative to be considered as a guest post for the Afterschool Snack. Once it's been published, share it widely on social media.
- **Use our “I Love Afterschool” printable.** Fill out the reasons you love your afterschool program, then take a photo of the finished product and share it, tagging #AfterschoolWorks:
<http://www.afterschoolalliance.org/documents/WeLoveAfterschoolToolkit.pdf>

- **Share with us directly.** We're on the lookout for stories to share on our website, blog, and social media. If you'd like to be featured, let us know: <https://www.surveymonkey.com/r/afterschoolstories>

IF YOU'RE AN AFTERSCHOOL PROFESSIONAL...

- How have you seen your afterschool program impact students over the course of your career?
- Have you seen your afterschool program impact parents and families as well as students?
- Do you have any data illustrating the impact of your program on your students? Talk about those results.
- Are there any particular students you can think of that experienced significant growth in the time they attended your program? Share their stories.

In addition to answering these prompts yourself, encourage your students, parents, and alumni to share their stories!

IF YOU'RE AN AFTERSCHOOL STUDENT...

- What would you do after school if you couldn't come to this program?
- What's your favorite thing about your afterschool program?
- What's the coolest thing you've learned in your afterschool program?
- How has your afterschool experience helped you in school?
- How has your afterschool experience helped you get ready for your future career, or your path to college?

IF YOU'RE THE PARENT OF AN AFTERSCHOOL STUDENT...

- Where would you send your kids after school if this program wasn't available?
- Have you noticed any positive changes in your child[ren] since they started attending their afterschool program?
 - Are they doing better in school?
 - Are they healthier or more active?
 - Are they better behaved, or do they get along better with their classmates?
- Has your child's enrollment in an afterschool program helped you at work? Would your job be affected if the program was no longer available?
- Is your child learning things or having experiences in their afterschool program that aren't available to them during the school day? Do those experiences help them do better in school?

IF YOU'RE AN ALUMNUS OF AN AFTERSCHOOL PROGRAM...

- What's your favorite memory from your time in your afterschool program?
- Have skills you learned in your afterschool program helped you in your career?
- Did your afterschool program help you on the path to college?
- Did you form important relationships (with friends, mentors, teachers, etc.) through your afterschool program? Are you still in touch with those people?

SAMPLE EMAIL BLAST

SUBJECT LINE: ADMINISTRATION SLASHES FUNDING FOR AFTERSCHOOL PROGRAMS

In February, President Trump unveiled his budget priorities—and his plan singles out afterschool programs' funding for elimination. **Again.**

[Please take two minutes to tell your representatives in Congress to stand up for America's children, families, and afterschool options.](#)

Complete elimination of Community Learning Centers funding will affect almost 2 million children, leaving parents without reliable afterschool options. We can't let that happen.

Congress will determine whether local afterschool and summer learning programs remain open, reduce their services, or close their doors. If the 21st Century Community Learning Centers initiative is eliminated, many programs will not survive.

With your help, it's possible to persuade Congress to protect afterschool choices again. [Take action now.](#)
