Request for Proposal Overview

On behalf of the New York Life Foundation, the Afterschool Alliance invites out-of-school time programs to apply for a new competitive grant opportunity to support and bolster the ability of afterschool and summer learning programs help their middle school students make a successful transition from 8th to 9th grade. This competitive grant program includes both one- and two-year grant opportunities. Applicants can only apply for one of these grants. One-year grants will begin in May 2017 and end in May 2018. Two-year grants will begin in May 2017 and end in May 2019.

2-Year Grants:
There are two separate two-year grant opportunities included in this RFP. Each program will only be eligible to apply to one of these grant opportunities, as explained below:

- 4 grants at $50,000 per year over the span of two years, for a total two-year grant award of $100,000. Only organizations with annual budgets of $500,000 or greater will be eligible to apply for these grants.
- 4 grants at $25,000 per year over the span of two years, for a total two-year grant award of $50,000. Only organizations with annual budgets between $250,000 and $500,000 will be eligible for these grants.

These grant funds may be used for technical assistance, enhancing direct service activities, and/or program expansion. Applicants that are awarded two-year grants will be required to describe how they support youth in the transition to the 9th grade, specifically around indicators of success such as on-time promotion to the 9th grade; school attendance rates; improved behavior, grades and test scores; and the development of social and emotional skills.

The 2-Year Grant Application can be found in Section II on page 9.

1-Year Targeted Grants:
There are 10 one-year grants available at $15,000 per grant. Like the two-year grants, these grant funds may be used for technical assistance, enhancing direct service activities, and/or program expansion, but, unlike the two-year grants, the one-year grants are specifically intended to support programs that are employing innovative, novel, and/or scalable approaches to engaging the parents and families of youth. Applicants for the one-year grants will be required to describe how they support youth in the transition to the 9th grade, with a specific focus on how their programs are developing or scaling up efforts to engage the parents and/or families of youth. Organizations with annual budgets of $150,000 or greater will be eligible for these grants.

The 1-Year Grant Application can be found in Section III on page 22.
Use of funds:
All grant funds must be used for technical assistance, enhancing direct service activities, or program expansion.

Eligibility requirements:
- **501(c)3 status.** Applicants for this competitive grant program must have 501(c)3 status.
- **Middle school youth (6th, 7th, 8th graders) served.** This competitive grant program is targeted to programs serving middle school students in grades 6, 7 and 8. Organizations applying for funding may serve students outside of this grade range but grant funds are specifically for middle school youth.
- **High percentage of low-income youth served.** Applicants for this competitive grant program must serve a high percentage—at least 75 percent—of low-income youth. For the purposes of this grant program, “low-income” is defined as students who qualify for the Federal Free or Reduced Price Lunch Program (FRPL).

Disqualifications:
Applicants that currently receive funding, either directly or indirectly, from the New York Life Foundation are ineligible to apply. This includes:
- National or regional organizations that receive New York Life Foundation funding directly.
- Local affiliate organizations or programs that receive any financial support from their national headquarters that originates from New York Life Foundation grants.

Section I. Project Summary & Eligibility Requirements

On behalf of the New York Life Foundation, the Afterschool Alliance invites out-of-school time programs to apply for a new competitive grant program.

A large body of evidence indicates the critical role of middle school in determining a young person’s long-term academic trajectory. Enriching out-of-school time (OST) programs—such as afterschool and summer learning programs—are an effective means of helping middle school students successfully transition from 8th to 9th grade. In addition, these programs provide benefits to students that extend beyond academics, helping develop the whole child—academically, socially and emotionally. The New York Life Foundation’s educational enhancement grantmaking strategy aims to help close the educational and achievement gaps in the middle school grades to ensure that children make a successful transition from 8th to 9th grade and are better prepared to enter and graduate from high school and go on to college, providing them with a more solid financial future.

The New York Life Foundation created this new grant program to support and bolster the ability of afterschool and summer learning programs to provide the resources, help and guidance middle school students need to thrive as they make the critical transition into high school.

A. Purpose and overview

The goal of all three grants is to support out-of-school programs aimed at ensuring that middle school students successfully make the transition from 8th to 9th grade. The grants are intended to fund quality OST programs staffed by knowledgeable and dedicated individuals, further enhancing the positive impact on middle school students’ achievement and their ability to successfully transition into and continue on through high school.

All grant applications are expected to include clearly-stated goals and project outcomes. Applications must describe in a meaningful way how the applicant supports youth in the transition to the 9th grade. The project descriptions and funding requests should reflect the specific time span of the grant to which they are applying.

2-Year Grant Objectives:

These grant funds may be used for technical assistance, enhancing direct service activities, and/or program expansion. Two-year grant applications should focus specifically on indicators of success such as on-time promotion to the 9th grade; school attendance rates; improved behavior, grades and test scores; and the development of social and emotional skills.

1-Year Grant Objectives:

Like the two-year grants, the one-year grant funds may be used for technical assistance, enhancing direct service activities, and/or program expansion. One-year grant applications
should also include a specific focus on the development and/or scaling up of promising practices around parent and family engagement strategies.

The 2-Year Grant Application can be found in Section II on page 9. The 1-Year Grant Application can be found in Section III on page 22.

NOTE: The clarity and readability of grant applications will be taken into consideration during the review process. Please use clear, concise and jargon-free language in your application.

B. Organizations providing out-of-school time programming

These competitive grants are to support the work of organizations that provide out-of-school (OST) time programming. For the purposes of these grants, OST time programs include expanded learning programs, afterschool programs (programs that operate on a regular and consistent basis after the regular school day ends during the school year), and summer learning programs.

C. Awards and selection process

Grants are competitive and up to 18 grantees will be selected. The breakdown of the grants is as follows:

<table>

D. Use of funds

Grant funds may be used for technical assistance and enhancing direct service activities, as are outlined below.

**Technical assistance** includes:
- Program enhancements (e.g. staff development and evaluation efforts);
- Operations enhancements (e.g. fiscal or development efforts); and/or
- Governance enhancements (e.g. board development and improving internal systems).

**Direct service components** include:
- Expanding program capacity to serve middle school students;
- Adding a new program component (such as helping the program transition to a year-round model); and/or
- Enhancing programming to better support students’ transition to the 9th grade.

*NOTE:* Grant recipients will not be able to reapply for any of the grants described herein for a period of one year after the end of each grant period. If applying for program expansion, you will need to include in your application an explanation and concrete plan of how you would sustain funding the program after our grant ends.

E. Reporting requirements

Grantees that are awarded any of these competitive grants are required to submit a progress report two times per year during each grant period. The report will take the form of a narrative detailing progress on the proposed timeline of activities, achieved objectives, challenges in fulfilling grant deliverables, and a financial report documenting the allocation and expenditure of the grant funds and any interest earned thereon.

*NOTE:* Grant recipients will be required to review and consent to the Foundation’s terms and conditions prior to receiving their grant payments.
