Why am I here :

- Afterschool is important to me because it's an outlet.
- It's had an impact on me because I've been informed about Media Literacy.
- I've been able to look at different depictions of Media.
- Also the logic behind the advertisements.

What Congress Can Do:

- We need to keep this out-of-school program because the kids need to be involved.
- We need to keep enough funding so that every child would be able to experience this phenomenal program.
- The bottom line is that it's essential that kids, teenagers, young adults should have programs where their doing something productive and keeping out of trouble.

The Afterschool Alliance is a nonprofit public awareness and advocacy organization working to ensure that all children and youth have access to quality afterschool programs.
