I am here as a representative of the Baltimore Urban Debate League. My program is a good, fun, educational program and a great reference to politics. It offers city wide tournaments and training camp in the Summer. An impact this program has had is that my educational knowledge has increased.

I think Congress could fund or find more programs like the Baltimore Urban Debate League, so other students can have great learning opportunities as I do.

The Afterschool Alliance is a nonprofit public awareness and advocacy organization working to ensure that all children and youth have access to quality afterschool programs. More information is available at www.afterschoolalliance.org.
