## Why I'm Here:

- Afterschool is important to me because it has given me opportunities I otherwise wouldn't have had, such as internships and travel experiences.
- The hands on science experiences helped me develop critical thinking skills and set me on the path to higher education.

## What Congress Can Do:

- Congress can keep programs like Youth Teaching Youth open by making sure we have enough funding, because they give me and many others lots of opportunities, involvement in science and promote higher education.

The Afterschool Alliance is a nonprofit public awareness and advocacy organization working to ensure that all children and youth have access to quality afterschool programs.

More information is available at [www.afterschoolalliance.org](http://www.afterschoolalliance.org).
