Why I'm here:

Afterschool program is important to me because, it gives me something to do. When school is over I would not like to go home and not express my learning abilities to others. Some impacts about afterschool are that it's a way or system for me to do better in school. In my program we do some team building activities and also we write our own curriculum and teach it during the summer.

What Congress can do:

When I go to congress I would like them to support the Afterschool program act and also from a personal side I would like them to give us more funds.

The Afterschool Alliance is a nonprofit public awareness and advocacy organization working to ensure that all children and youth have access to quality afterschool programs. More information is available at www.afterschoolalliance.org.
