## **Pennsylvania Department of Education Official Honored as an Afterschool Champion in Nation's Capital**

***Parents, Educators, Students, Afterschool Leaders  
Urge Congress to Increase Afterschool Funding, Help Expand Science, Technology,  
Engineering and Math Programming***

WASHINGTON, D.C. – The Afterschool Alliance today honored Carmen M. Medina, Chief of the Division of Student Services of the Pennsylvania Department of Education Bureau of Teaching and Learning, for her support for afterschool programs at the “Breakfast of Champions,” a gala event in Washington, D.C. featuring FIRST Robotics founder Dean Kamen. Medina oversees eight initiatives in the state, including the 21<sup>st</sup> Century Community Learning Centers and Migrant Education and Homeless Educational Services. She was one of just nine state champions from around the country honored at the Breakfast for supporting and working on behalf of afterschool programs. The Pennsylvania Statewide Afterschool/Youth Development Network (PSAYDN) nominated her for the honor.

Medina has a long history of supporting and working with afterschool programs. Prior to joining the Department of Education, she was an afterschool program director, responsible for grant writing, implementation, management and supervision of Adams County afterschool programs focusing on immigrant students. She also serves on the PSAYDN Steering and Quality Committees.

“Carmen works daily to support quality afterschool programming in the Commonwealth,” said Kacy Conley, Director of the Pennsylvania Statewide Afterschool/Youth Development Network. “She knows firsthand all that afterschool programs do to help our youth, having been a program director herself, and also having worked in law enforcement, where she saw what can happen when young people don’t have enough positive influences and constructive activities after school.”

The “Breakfast of Champions” is part of the tenth annual *Afterschool for All Challenge*, sponsored by the Afterschool Alliance, which brings together hundreds of parents, educators, children, program directors and advocates from around the country for a series of events and meetings with Members of Congress. Following the Breakfast, participants fanned out across Capitol Hill to meet with Members of Congress and talk to them about the importance of afterschool programs and expanding opportunities for kids to engage in STEM activities in those programs. This year is The Year of Science in Afterschool.

“Afterschool programs are a lifeline for working families, they keep kids safe and – most important – inspire them to learn,” said Afterschool Alliance Executive Director Jodi Grant. “Today, we are proud to honor the state champions who have dedicated themselves to ensuring that children have access to these crucial programs. It’s no secret that our nation has some serious catching-up to do when it comes to math and the sciences. We know that afterschool programs are successful in getting children excited about the sciences. That excitement and interest has been shown to be a better predictor than good grades or test scores of who will pursue careers in the sciences. By offering children the opportunity to try robotics, CSI, rocket-building or constructing wind turbines, afterschool programs are developing future computer programmers, forensic scientists and engineers.”

Other state champions honored at the *Afterschool for All Challenge* are: Agnes Quiñones, Education Consultant, Connecticut State Department of Education; Nancy Volpe, Consultant-Youth Programs/America’s Promise, CVS Consultant, Pathways to Pharmacy and President, Volpe Communications in Kansas; Kathleen Straus, Board Member, Michigan State Board of Education; R.T. Rybak, Mayor of the City of Minneapolis, Minnesota; Sherry Comer, Afterschool Services Director, Camdenton R-III Schools, Camdenton, Missouri; Vaughn L. McKoy, President, PSEG Foundation, New Jersey; Kyle Stewart, Executive Director, Alliance of New York State YMCAs, Inc.; Mark H. Emery, Administrator for After-School Programs, Fairfax County Public Schools, Virginia.

The 2011 Afterschool for All Challenge is sponsored by: United States Tennis Association, Peavey Electronics, NAMM, Open Society Foundations, Cable in the Classroom, National AfterSchool Association, Clever Crazes for Kids, and Arnold and Sandra Grant. Additional funding is provided by the S.D. Bechtel, Jr. Foundation, Time Warner Cable, the Noyce Foundation and jcpenny.
